NOTICE TO SCHOOL OFFICERS AND TEACHERS

No teacher is legally hired unless there has been a legal meeting of the school board, at which time a majority of the board vote to hire such a teacher. School officers cannot contract with a teacher not holding a certificate valid in the county where she expects to teach. No public money can legally be paid to such a teacher. Districts employing such a teacher will forfeit their primary money the following year. A contract must be made and signed by the school board and the teacher.

A certificate and oath of allegiance must be filed in the office of the County Superintendent of Schools and institute fee paid before the teacher is qualified to teach and draw public money. (See General School Laws.)
